## ORIENTATIONS (AND APPLICATIONS)

- 1 The Concept of Love and its Logic 1**  
An early paper in the philosophy of emotions, with background and updated applications to broader issues in related fields of interest
- 2 Action and Communication & Schizophrenogenesis 26**  
A paper on miscommunication in ward environments, applying a logical theory of schizophrenia-encouraging interactions
- 3 Nietzschean Psychiatry Revisited 59**  
Nietzsche on the healing of the mind and soul, with attention to the larger context of the issues he addressed
- 4 Individual Therapy and Family Therapy (à la française) 103**  
Understanding families as more than a group of individuals
- 5 Commentary on Nietzsche's HAH 379: Survival of the Parents 108**  
On the implications of the idea that our parents have a particular impact on our suffering, and what to do about that (focusing on Nietzsche & Cyrulnik)
- 6 Pierre Janet: Misleading Concepts and Integration 117**  
On misreading unfamiliar theories, with a fresh look at the writings of French philosopher-psychiatrist Pierre Janet, and at his appreciation of personal integration
